

LASA Voluntary Support

Since our last report in the Spring 2014 *LASA Forum*, nearly 890 individual gifts have been received in support of the various LASA funds. The Association is extremely grateful for the generous support of the members, foundations, and friends who make it possible for LASA to continue to advance its mission. Contributions to any of the LASA funds help to ensure that more scholars will be able to participate in the annual LASA Congress, regardless of financial constraints.

For the most recent Congress, LASA2014, 288 travel grantees benefited from grants ranging from \$600 to \$1,000. A total of \$283,180 was available, derived from LASA Endowment proceeds (\$150,199) plus \$20,000 from Operations, support contributed by several foundations (\$111,000), and direct contributions to the LASA Travel Fund (\$2,488), the Student Fund (\$4,326), and the Indigenous and Afro-descendant Fund (\$5,168).

LASA Life Memberships not only serve as tangible evidence of the value placed on membership in the Association but they provide direct support for the LASA Endowment, helping to ensure Congress travel grant support for generations of Latin Americanists to come. There are currently 104 Life Members, 90 of whom made this major commitment to LASA, and 14 of whom received Honorary Life Memberships as recipients of the Kalman Silvert Award. The most recent life members are Erik Ching (Furman University), Sara Cooper (California State University, Chico), Helga Baitenmann (Institute for the Study of the Americas), Dara Goldman (University of Illinois, Urbana-Champaign), and Tulio Halperín-Donghi† (University of California, Berkeley), recipient of the Kalman Silvert Award. We extend our most sincere thanks to all Life Members for their generosity.

We gratefully acknowledge the following donors for their contributions to any of the LASA funds since our last report. Please note that in the interest of conserving space donor names are printed only once, regardless of the number of their contributions or gifts to multiple funds. Many donors frequently designate more than one fund for their support and add a gift with each membership renewal or Congress registration. Thank you!

Are you interested in learning more about how to make a contribution, establish a LASA Life Membership, or create a named fund? Please contact LASA (lasa@pitt.edu) for more information.
