

## LASA Voluntary Support

by MIRNA KOLBOWSKI, LASA Associate Director | mkolbowski@pitt.edu

The generous support of members, foundations, and friends continues to be critical in advancing LASA's mission by extending substantial opportunities for scholars to participate in the Association's international congresses through LASA travel grants.

Support for the LASA Endowment derives from many sources including the major portion of each LASA Life Membership. LASA currently has 110 Life Members, 11 of whom are recipients of Kalman Silvert Awards and therefore entitled to honorary Life Memberships.

We gratefully acknowledge the following donors for their contributions to LASA funds since our previous report in the fall 2015 issue of the LASA Forum. (Many individuals donate to more than one fund but names are printed just once.)
