

LASA Voluntary Support

The generous support of members, foundations, and friends continues to be critical in advancing LASA's mission by extending substantial opportunities for scholars to participate in the Association's international congresses through LASA travel grants.

Support for the LASA Endowment derives from many sources including the major portion of each LASA Life Membership. LASA currently has 112 Life Members, 12 of whom are recipients of Kalman Silvert Awards and therefore entitled to honorary Life Memberships.

We gratefully acknowledge the following donors for their contributions to LASA funds in 2016. (Many individuals donate to more than one fund but names are printed just once.)
